Criminal History Information

As a condition of employment, a criminal history check is conducted on the top candidate for each City position. The top candidate for each City position will be required to complete the Pre-Employment Screening Information Worksheet and Authorization form in which they will be asked to disclose their prior criminal history. This self-reporting shall cover “convictions for felonies or first degree misdemeanors”, “pleas of nolo contendere to crimes which are felonies or first degree misdemeanors”, and the “withholding of adjudication for crimes which are felonies or first degree misdemeanors”.

In accordance with s. 112.011, F.S, a criminal history will not automatically bar you from employment with the City. At a minimum, the nature, job relatedness, severity and date of the offense(s) in relation to the duties of the position for which you are applying are considered. In all instances, each selected applicant/employee criminal history will be considered on a case-by-case basis with primary consideration for the protection and best interests of the citizens and employees of the City of Tallahassee.

However, if your answers to the Criminal History Information questions (only asked after you have been conditionally offered a position) do not accurately and completely reflect your criminal history, you may be eliminated from further consideration.
